BLAZE LAST NIGHT.

Disastrous Conflagration Averted by
Quick Work of Firemen and
Good Water Pressure.

The residence and store of Albert May on North Main street, was partially destroyed by fire at 11 o'clock last night. The building is a two-story frame and Mr. May and family occupied the rooms on the second floor and the lower floor was used as a store room and paint shop.

The fire originated on the first floor but the manner or cause of its origin is not known. The flames spread rapidly and in just a few moments the whole house was enveloped.

The fire boys responded promptly to the alarm and did one of the prettiest pieces of work ever done by a fire company in Bryan. They laid two lines of hose and in just a few minutes after the alarm they had two streams going and in less time than it takes to tell it, they had it under control. The pressure was fine, which greatly aided them in their work.

There are a number of frame buildings on the block and had it not been for the very prompt work of the firemen, Bryan would without question suffered another great fire loss. Mr. G. S. Parker, in discussing it with the reporter today, said his gin would undoubtedly have gone had it not been for the exceedingly quick work of the firemen, which was the best he had ever seen in Bryan.

The building belonged to C. G. Parsons was worth about \$1000 and was insured for \$500. It is practically a complete loss. Mr. May carried \$450 insurance on his effects which will go far toward offsetting his loss.

Geo. P. Edge, merchandising at Harris schoolhouse, was looking after business matters in the city today.

Tom McCallum was in the city today from his home near Tabor.

W. G. Reynolds and Lige Thompson were in today from Tabor.

David Kern of Houston, is the guest of his parents, Mr. and Mrs. L. B. Kern.

NAMED NEW MEXICO GOVERNOR.

Special to the Eagle.

Washington D. C. April 6.—President Taft today appointed Richard Sloan to be Governor of New Mexico.

BACK FROM WASHINGTON.

Mr. and Mrs. Henry Berger and children have returned from Washington state and the far West, where they have been since the 7th of February. Mr. Berger bought the state of Washington for the Wilcox patent combination lock and he went out there to dispose of his territory. He succeeded in selling it out at a nice profit besides the pleasure of a most enjoyable trip. He and his wife both have relatives in that state and they had the further pleasure of visiting them while gone. Their travels embraced the states of California, Washington, Idaho, Utah, Oregon, Wyoming, Colorado and New Mexico. On the return trip through the West last week, Mr. Berger says the whole country was deeply covered with snow. They arrived at Fort Worth last Saturday in time to witness a portion of the great fire that devastated that city.

ANOTHER MURDER CASE AT ABILENE.

From Saturday's Daily.

Abilene, Texas, April 6.—The case of John McGhee, charged with killing H. E. Nichols was taken up in the district court here today. A jury has been secured out of a venire of one hundred men.

McGhee was a deputy sheriff and while acting in his official capacity fatally shot Nichols last July. It happened in this county.

CITY ELECTION.

The city election today was about the tamest affair ever puled off in Bryan, under the name of an election. The total number of votes polled at 4 o'clock was 59, and it is not likely that the number will reach 100 by the time the polls close. The primary nominees have no opposition and those elected today are: T. P. Boyett, city marshal; John B. Hines, city secretary, and J. E. Covey, Eugene Edge, and Law Henderson, Aldermen. The next regular meeting of the city council will be held next Friday afternoon and the new aldermen will be installed at that time.

BRANDON & LAWRENCE

MEN'S OUTFITTERS - BRYAN, TEX.

Last night was the regular monthly practice night for the fire company and the Eagle reporter had the pleasure of seeing them in their rapid and whirlwind evolutions. The practice last night was in making quick runs and connecting up the lines of hose ready for business, and some pretty work and fine records were made. Bryan certainly has a splendid little fire department and the boys should be given every encouragement.

Character of the Montenegrins.

Nowhere is love of country more intense than among the Montenegrins, to whom exile is the greatest of punishments. When Mr. W. J. Stillman was there in the seventies all the free men were away fighting, and he observed how, when a messenger was wanted, the official took a man out of the prison and sent him off, with no fear that he would not return. One such messenger was sent to Cattaro, in Austrian territory, with 3,000 florins for the bank, and duly came back. Another asked a Russian at Cattaro to intercede with Prince Nicholas for his release from prison. "But you are not in prison," said the Russian. "Oh," said the man, "I have only come down for a load of skins for so-and-so, but I must go into prison again when I get back to Cetinje." One guard watched all the prisoners when they sunned themselves out of doors, and if he were called away a prisoner would take his rifle and do duty for the time.—London Chronicle.
